About ARTDNA

The ARTDNA brand was founded in 2012 and is one of the two major brands of Zhongshan Gamder Electric Appliance Co., Ltd. Since its establishment, the ARTDNA brand has a strong sense of modernity and an international mission. Through unremitting efforts, in 2014, ARTDNA created a new category representing one of the development directions of electrical products: CONJOIN SWITCHES.

In 2019, with the rise of intelligent development of electrical products, ARTDNA began to deploy intelligent control, and promote the "intelligent optoelectronic integration" project according to the development and demand of the market.

In terms of intelligent control, ARTDNA cooperates to develop and produce a variety of intelligent switches, intelligent dimming, intelligent touch screens, gateways and intelligent lighting drivers, and has established in-depth cooperation with many intelligent ecological enterprises in the industry, and thus won the "Guangdong Province Famous Brand Product" and other honors.
